(Agenda item 6 b) Mr Haydon outlined the issues pertaining to the potential provisions of allotments on the Mabel's Walk Play area (Applications DC/16/3514/FUL and DC/21/4795/DRC) and how these may be progressed, and a legal framework for transfer of the land including the allotment site and Public Open space be determined. He stressed the need for a management plan to be agreed and the need to have a formal body to liaise with. He did express some reservations about the potential costs involved to either the group of allotmenters or the Parish Councillors, including a standing water charge and liabilities to the freeholder's management company. He then took questions from Councillors and members of the public relating to these matters.

Cllrs Rowing and Earle asked the majority of questions, including whether they might visit the site, to which he cordially assented. It was agreed that a spec would be prepared in advance of a further meeting with Seamans.

Cllr Potter thanked Mr Haydon for his time, and the main meeting commenced.
